SILENTLY

# HARNESS THE STORM

STORMFORCE packs industrial power into a compact, 2-in-1 fan design. It is driven by TriVex™ Technology, a drone ducted motor system engineered at the intersection of aerodynamic mastery. From controlled streams to max output, four intensity levels puts the power in your hands.

### US VS THEM

#### STORMFORCE

- Compact + portable
- Integrated rechargeable battery
- Powered by TriVex™ Technology

#### OTHER BRANDS

- Bulky design
- Uses external battery packs
- Over-engineered for daily tasks
